**Email:** ijeoma\_enem@outlook.com | **Phone No:** 08036114738 | Lagos, Nigeria | **LinkedIn:** <https://www.linkedin.com/in/ijeoma-enem-a4780017>

## Professional Summary

Highly skilled and detail-oriented Fullstack Developer with over 10 years of hands-on experience in developing scalable, high-performance web applications using C#, ASP.NET Core, and modern JavaScript frameworks (React, Angular). Proven expertise in building and managing RESTful APIs, optimizing backend logic, and implementing frontend interfaces for fintech, insurance, and banking sectors. Demonstrated leadership in architecting microservices, cloud-native solutions, and end-to-end application delivery in agile environments.

## Core Technical Skills

- Backend Development: C#, ASP.NET Core, .NET 8/6, MVC, Entity Framework, Dapper
- Frontend Technologies: JavaScript, React, Angular, HTML5, CSS3
- API Design & Integration: RESTful APIs, Secure Payment Gateways, Core Banking APIs
- Databases: SQL Server, PostgreSQL, MongoDB, MySQL
- Cloud Platforms: Azure (App Services, Functions, Blob Storage), AWS
- DevOps & Tools: Docker, Kubernetes, Git, Azure DevOps, CI/CD Pipelines
- Architecture Patterns: Microservices, SOLID Principles, DDD, CQRS
- Security: OAuth2, JWT, Role-Based Access Control (RBAC)

## Professional Experience

### Connected Analytics Ltd – Senior Fullstack Developer / Backend Team Lead

*Nov 2022 – Present | Fintech*

- Architected a scalable microservices-based fintech platform using C#, ASP.NET Core, and Azure, supporting over 10,000 merchants.
- Developed and integrated RESTful APIs to handle secure payment processing with JWT and RBAC, reducing transaction latency by 30%.
- Spearheaded the frontend migration to React, enhancing user experience and interface consistency.
- Implemented caching mechanisms and optimized SQL queries, boosting application performance by 40%.

- Led a distributed team in code reviews, testing, and deployment, ensuring compliance with agile practices.

### **Leadway Assurance Company Ltd – Senior ASP.NET Software Developer**

*Feb 2020 – Nov 2022 | Insurance / Pension Tech*

- Delivered a compliance dashboard using ASP.NET Core and Angular, automating KYC and audit processes and reducing processing time by 35%.
- Implemented API integrations with Citibank, streamlining pension payment verifications and increasing revenue by 20%.
- Established CI/CD pipelines using Azure DevOps, reducing deployment defects by 30%.

### **First City Monument Bank (FCMB) – Fullstack Developer**

*Sep 2018 – Feb 2020 | Banking*

- Developed robust REST APIs for financial management systems using C# and ASP.NET Core, improving throughput by 15%.
- Refactored legacy frontend modules to Angular, enhancing responsiveness and user experience.
- Collaborated with UI/UX teams to implement new features and improve application scalability.

### **Codeplus Software Academy – VP, Infotech and Innovation**

*Nov 2015 – Sep 2018*

- Designed and launched digital onboarding systems for **an ecommerce store** streamlining customer acquisition.
- Rolled out ERP/CRM tools for pension firms, improving data centralization and compliance tracking.
- Mentored 25+ junior developers, embedding **secure coding and agile principles**.

### **New Horizons Computer Learning Center – Technical Manager / Developer**

*Mar 2012 – Nov 2015*

- Delivered learning-focused apps with SSRS reporting and automated workflows.

- Cut manual processing time by **40%** through smart form integration and automated deductions for course payments.

## Highlighted Projects

- **Fintech Merchant Wallet System:** Architected a microservices-based transaction platform using .NET Core, Azure Functions, and React.
- **Merchant Analytics Dashboard:** Designed a data visualization dashboard using React and SQL Server, providing real-time insights for over 10,000 merchants.
- **Compliance and KYC Portal:** Developed a secure onboarding system using ASP.NET Core, JWT authentication, and Angular.

## Education & Certifications

- MBA (Artificial Intelligence) – Nexford University
- B.Sc. Computer Science – University of Nigeria, Nsukka

## Certifications:

- Microsoft Certified Azure Fundamentals
- Microsoft Certified Professional (MCPS)
- ITIL Foundation Certificate in IT Service Management

## Soft Skills

- Strategic Problem Solving | Secure Coding | Agile & DevOps | Team Leadership | International Collaboration | Cloud-Native Development
